for Learning | 1976-2026

# PACK TO SCHOOL CHALLENGE

## SUPPLY DRIVE

Help empower young minds and support education by participating in our school supply drive. Each year, the Center distributes school supplies to about 500 students, both Pre-K graduates that are leaving our center and transitioning to kindergarten along with youth enrolled in our summer programs. You can help us start the school year on the right path!

## Ways to Engage

### Host a Monetary Drive:

Our team can create a customized fundraising webpage for your group and track the direct impact of your support on our Center.

### Shop our Registry

Purchase supplies from our curated list to be shipped directly to us.

### Host a Supply Drive:

Host a drive by collecting supplies directly or purchasing items through our online supply drive platform, then gather your team for an office packing party. We're happy to create a custom flyer and set up our platform for your group!
